

*Angie Stanland* Vice President of Associate Services and Recruiting | CERNER WORLD HEADQUARTERS

Angie Stanland, vice president of Associate Services and Recruiting, is responsible for Cerner's global recruitment efforts, associate services and corporate travel.

Stanland joined Cerner in June of 2004 to oversee internal programs designed to support and develop Cerner associates, and to manage corporate travel for the fast-growing company. At the start of Stanland's Cerner tenure, the company was experiencing significant growth in its global consulting operations. Stanland was instrumental in developing streamlined and cost effective travel programs for the thousands of associates executing Cerner business around the world.

During this time, she also took over management and development of programs designed to enhance Cerner's corporate culture for its clients and associates. In addition to corporate travel, operations under her direction include corporate meetings and events, Cerner's associate child care program, executive support and administrative assistance and corporate food and office services.

Perhaps the most significant addition to Stanland's portfolio is her responsibility for Cerner's global recruiting efforts, beginning in 2007. Stanland has been instrumental in overseeing the marketing and functional recruiting strategies for Cerner candidates. Under Stanland's leadership, Cerner has experienced 10.5% annual growth in their associate base, which more than doubled in size during this time. Today, Stanland spends much of her time integrating best practices into the recruitment efforts for emerging or growing Cerner business markets domestically and across the globe.

Prior to joining Cerner, Stanland worked for Executive Travel and the Hyatt Hotels and Resort network. At each facility, Stanland transformed the methods by which the organization grew their business, often through enhanced executive outreach and customer services programs. Stanland is a native of Union, South Carolina and graduate of Converse College. In 2014, in recognition of Converse College's 125th Anniversary, Stanland was awarded as one of the 125 Converse Outstanding Alumni.

A well-respected leader in the non-profit and civic community, Stanland sits on the board of the Kansas City Convention and Visitors Association and is the 2017 chair of the 100+ year old American Royal Association. Stanland is also a vestry member of St. Mary's Episcopal Church in downtown Kansas City where she resides with her husband Cy.
