# AMERICAN ROYAL ASSOCIATION

IMPACTING THE FUTURE OF AGRICULTURE • SCHOLARSHIPS | EDUCATION | COMPETITION

Dear Friends,

Twenty-twenty has truly been a test. The members of the horse show committee have practiced social distancing, but hoped all the while for a genuine emotional connection. In other years we have assumed much, taken much for granted, but with the coming of March 2020 and COVID-19 we learned that many (if not all) of our assumptions would be challenged, our plans reconsidered, our resolve would be stretched and strained.

The members of the horse show committee have cherished an ambitious collection of assumptions. We have assumed that as long as we kept the spirit lively, kept generating new ideas (and sponsors) there would always be a horse show. The American Royal had survived awful weather, economic downturns, daunting world crises and we believed the American Royal's exhibitor community would reappear each November...that neither wars nor flooding nor short funding could deter us for long. None of us had ever confronted a situation comparable to the one we currently experience, a situation that has consumed and continues to govern our lives. The American Royal exhibitor community has sadly confronted the reality of monumental change. We miss our distant friends and family; we cheer heroism and mourn losses, and look for reassuring or encouraging moments.

And yet, with the responsibility of preparing the prize list we find ourselves quietly celebrating. As of September 7<sup>th</sup>, we can confidently invite you to join us for the opening of the UPHA American Royal Championship on November 9<sup>th</sup>. *Our horse show will happen!* The staff and volunteers will be there to greet you, done up in our newest masked fashions, and we will be pledged to do everything possible to keep you and your horses safe. Much will be changed, but much will be the same and we will all experience the exhilaration of the best of the American Saddlebred horses and the incomparable Hackney ponies. We are lucky to share our admiration for these extraordinary breeds, to celebrate their role in our lives and to revel in that good fortune.

We are eager to be with you all. Just know that Kansas City will be ready...flags flying,  
hearts high.

With every good wish,  
Co-Chairs of the Horse Show  
Missy Hughes Smith and Sarah Rowland

P.S. If you have any questions with which we might be helpful, please call.

### **Did you know...?**

The American Royal has partnered with five local elementary schools to provide agricultural education experiences for students throughout the Kansas City metro area. The American Royal Neighborhood Schools Program brings the farm and ranch into the Kansas City classroom, and takes students out of the classroom for fun, eye-opening experiential learning that only the American Royal can deliver. Where our food comes from and who shapes the future of agriculture are vital issues for young people and their communities. GR845 Equine Vaccination Rule 1. At Federation licensed competitions horses, more than 7 months of age, entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (Rhinopneumonitis) vaccinations within six months prior to entering the stables. Horses not in compliance with this rule may be required to leave the competition grounds upon request by Competition Management. Documentation should consist of one of the following methods mentioned below. The frequency of vaccine administration should be per the vaccine manufacturers' or veterinarian's recommendations. It is recommended that vaccines are administered by or under the direction of a veterinarian. 2. In the case of vaccines administered by a veterinarian, the exhibitor, upon request by Competition Management, must provide documentation from the veterinarian on documenting that the horse in question received the vaccinations; name of the vaccines and date of vaccine administration. 3. In the case of vaccines administered by a person other than a veterinarian, the exhibitor, upon request by Competition Management, must provide a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; name, serial number and expiration date of the vaccine; and date of vaccine administration. 4. In the case of a horse that is unable to receive either of the vaccinations due to a history of adverse reactions, the exhibitor, upon request by Competition Management, must provide a letter from the veterinarian on official letterhead stating that the horse in question cannot be vaccinated due to medical concerns and a log of temperatures taken twice daily for the seven days prior to entering the competition grounds. These horses must also have their temperature taken and logged twice daily while on the competition grounds. The log of temperatures should be provided to the Competition Management, steward, or technical delegate when requested. 5. Competition Management may not amend or enhance vaccination requirements without prior approval of the Veterinary Committee.

**JUDGING:** Competition involving three judges will be tabulated by the Majority Opinion System. Management reserves the right to substitute judges if necessary. UPHA Equitation Classes will also be tabulated by the MOS System.

**MINORS:** Minors who do not have a valid driver's license which allows them to operate a motorized vehicle in the state in which they reside will not be permitted to operate a motorized vehicle of any kind, including, but not limited to, golf carts, motorcycles, scooters, or farm utility vehicles, on the competition grounds of licensed competitions. Minors who have a valid temporary license may operate the above described motorized vehicles as long as they are accompanied by an adult with a valid driver's license. The parent/legal guardian or individual who signs the entry blank as a parent or guardian of a minor operating a motorized vehicle in violation of this rule are solely responsible for any damages, claims, losses or actions resulting from that operation. Violations of this rule will be cause for penalties against those responsible for the child committing the offense. Wheelchairs and other mobility assistance devices for individuals with disabilities are exempt from this rule. The unsafe use of personal electronic transport devices, as determined by the competition officials and management in their sole discretion, that do not require a driver's license to operate, including but not limited to segways, hover boards, and single wheeled scooters is prohibited on competition grounds. Operating such devices in areas where people gather may be deemed "unsafe use" if there is a risk of harm to others. If the operator of the device is a minor, the parent/legal guardian or individual who signs the entry blank as a parent or guardian of a minor operating the device in violation of this rule is accountable and may be subject to penalties. Wheelchairs and other mobility assistance devices for individuals with disabilities are exempt from this rule.
