

Hello,

We are looking forward to welcoming you to the 2023 American Royal Hunter Jumper Show! Below you will find some key Move-In information.

Equine Entry Requirements

In order to maintain the integrity and biosecurity of the American Royal equine events and facilities, **all** Equus must provide the following documentation upon entering the American Royal property. All showing, non-showing, haul-in, or stabled Equus must provide health documentation, including Missouri and Kansas. Competition numbers will not be issued until the documentation is provided. Failure to do so may result in the inability to enter the show until proper certification has been obtained or removal from the American Royal facilities.

Upon arrival to the American Royal facilities, all Equus must provide the following at check-in:

- All horses have to have a negative Coggins test (current, within 1 year).
- All horses need to be accompanied by a **7 Day Health Certificate**.
- Event Participation Declaration (found at <https://www.americanroyal.com/equine/hunter-jumper/>)

All horses that are not healthy (purulent nasal discharge, enlarged lymph nodes and/or fever) will not be allowed to stay on the grounds.

- This is for that horse's health and the health of the other horses.
- If there is a horse on the trailer with the above clinical signs, **NO HORSES FROM THAT TRAILER** will be able to off load.
- Although horses may look clinically healthy, they have likely been exposed and just aren't showing clinical signs yet.
- Again, this is for your horse's health and the health of other horses.
- If horse is presenting symptoms or been exposed **DO NOT BRING THEM** to the show.
- Any horses that are denied access to show grounds will receive a refund on their entries and stall.

The check in trailer is located inside the Livestock Gate. Please be patient and wait in line.

*NOTE: Equine influenza is going around spreadable by air. It's advisable to have your horse vaccinated prior to exposures at group events.
